---

## EDUCATION

### Cornell University

B.A., Information Science & Sociology | GPA: 3.92/4.00

Relevant Coursework: Human-Computer Interaction, Product Management, Data Science, Information Architecture

Ithaca, NY

Expected May 2028

---

## PROFESSIONAL EXPERIENCE

### Accenture

Learning to Earning (L2E) Summer Analyst

- Synthesized ambiguous organizational challenges into prioritized action plans; produced executive-ready deliverables enabling senior leadership decision-making.
- Conducted stakeholder research and benchmarking across peer organizations, translating findings into structured governance and operating model recommendations.

Washington, DC

Jun 2026 – Aug 2026

### DC Public Schools (DCPS)

Education Data & Innovation Intern

- Co-designed student voice systems using human-centered design, enabling shared leadership between students and adult decision-makers across DCPS.
- Built Tableau dashboards surfacing belonging and climate insights for district planners, improving accessibility and usability of student outcome data.
- Managed cross-functional coordination for DCPS Culture Institute, aligning departments and community stakeholders toward shared program goals.

Washington, DC

May 2025 – Aug 2025

### EY

Beyond the Game Fellow

- Applied executive mentorship and workshops on communication, leadership, and professional brand to cross-functional and team product environments.

Dallas, TX (Hybrid)

Jun 2026 – Aug 2026

---

## PROJECTS

### Apple Harvest Festival Website

- Designed and built a responsive, accessibility-first website with clear information architecture; iterated on usability testing across user types (INFO 1300).

HTML · CSS · Figma · Accessibility · Responsive Design

### Rockport AI Workflow Strategy

- Designed an AI-supported operating system including meeting intelligence blueprints, Drive taxonomy, and prompt templates for client knowledge management.

AI Workflow Design · Knowledge Management · Consulting Ops

### Smart Hive Monitoring System

- Conducted user research with beekeepers; designed IoT monitoring workflow reducing manual inspections by ~80% across 5+ deployments at ~98% uptime.

IoT · UX Research · Field Deployment

---

## LEADERSHIP & ACTIVITIES

### Secretary, Men of Color in Athletics (MOCA)

Design and execute career programming for 150+ student-athletes; coordinate speakers, alumni engagement, and professional development.

Sep 2024 – Present

### Black Student Empowerment Ambassador, Cornell University

Lead Polished for Success — personal branding and headshot program serving 100+ Cornell students annually.

Nov 2024 – Present

### Advisory Committee Member, DC Education Research Collaborative

Provide student perspective on how research tools and data products can better serve DC school communities.

2025 – Present

### NCAA Division I Varsity Athlete, Cornell Track & Field

Compete as a Division I sprinter while maintaining a 3.92 GPA — demonstrating prioritization and execution under pressure.

Aug 2024 – Present

---
