EDUCATION

Cornell University, Ithaca, NY — Expected May 2028
B.A., Information Science and Sociology | **GPA: 3.92/4.00**
Relevant Coursework: Statistics for Sociological Research (in progress); Data and the State

EXPERIENCE

Accenture, Washington, DC — Jun 2026 - Aug 2026
Learning to Earning Summer Analyst, Strategy and Governance
- Synthesized 40+ leadership interviews into governance requirements and pain points for a global nonprofit client.
- Mapped decision forums, decision rights, and escalation paths for the client's future operating model.
- Drafted executive summaries and role profiles; contributed 15+ slides for client leadership meetings.
- Wrote substantial portions of one workstream's final executive profile and governance recommendation.
- Used two structured Claude workspaces for interview synthesis and drafting, reviewing every output against team feedback.

DC Public Schools Central Office, Washington, DC — May 2025 - Aug 2025
Education Data and Innovation Intern
- Collaborated on survey design, distribution, and analysis for a district initiative with approximately 52,000 participants.
- Analyzed belonging and adult-support patterns by race, grade, and identity in Python and Excel; built Tableau dashboards that informed district planning and Culture Institute programming.

Pepco (Exelon), Washington, DC — Jun 2024 - Aug 2024
Transmission and Substations Intern
- Analyzed transmission and substation project data to support infrastructure and capital planning across DC and Maryland.

SELECTED PROJECTS

Arrest Trends and Policy Reform | *Team research project* | *Python, pandas* — May 2025
- Contributed research questions, chart interpretation, and policy synthesis to a three-city study of 100,000+ arrest records.
- Applied difference-in-differences comparisons and documented reporting and population-data limits on causal claims.
- Showed adult arrests fell in all three cities from 2013 to 2022 while Black arrest shares did not shift consistently.

Smart Hive Monitoring, Capitol Bee Care | *Field pilot* | *ESP32, BME280 sensors* — 2025
- Supported a low-cost sensor pilot; the report documented a $28 base bill of materials against an under-$50 system target.

LEADERSHIP AND ATHLETICS

Vice President (previously Professional Development Chair), Men of Color in Athletics, Cornell — Sep 2024 - Present
- Connect student-athletes with alumni and career resources through programming such as the MOCA LinkedIn Lab.

Client Representative, Cyber AI Program (Accenture, On-Ramps to Careers, Capital One) — Summer 2026
- Represented the client for a 44-student high school consulting program, testing teams' assumptions and requirements.

Student Member, Arts and Sciences Academic Integrity Hearing Board, Cornell — Apr 2025 - Present
- Hear academic integrity charges and appeals as a voting member, rule on each charge, and recommend penalties.

Advisory Committee Member, DC Education Research Collaborative, Urban Institute — Jun 2025 - Present
- Review studies on math acceleration and career-technical education; advise on research priorities and the five-year agenda.

Founder and Coach, McKinley Technology High School Debate Team, Washington, DC — Sep 2022 - Jun 2024
- Founded the school's first debate team and coached it myself; profiled in The Washington Post (Feb 2024).

Sprinter, NCAA Division I Track and Field, Cornell — Aug 2024 - Present
- Nike Indoor Nationals 200m All-American; three-time Washington Post First Team All-Met.
- Built a class-experience workbook and academic/career directory to help teammates select courses and find mentors.
